December 15, 2008

Dear Ms. Iovino:

This is regarding the Committee to Elect Alan Grayson, ID No. C00424713. Thank you for your four letters dated November 13 and 18, 2008. We are responding to your requests for additional information as follows:

We are uploading amended reports to try to rectify the problems that you have identified.

First, you note that for some reports, Column B does not equal the sum of Column A and the prior Column B. You also note that for some reports, the beginning cash balance does not equal the end cash balance. We have tried to rectify these problems, and we appear to have made progress. We will check to see whether the amended reports alleviate this problem. If not, we will take further steps promptly.

Second, you point to the need to itemize aggregate contributions over \$200 when earmarked contributions are made through a conduit, and that we must identify the date received. We have identified such contributions, and made the appropriate amendments. We are still checking to make sure that we have identified all such contributions, and will make further amendments if necessary.

Third, you note that some itemized disbursements lack address information, and others need a more specific identified purpose. We believe that the amended reports that we are submitting now comply with these requirements.

Fourth, you point out that disbursements to credit card companies require identification of vendors. We have amended the reports to identify the vendors. We are checking to make sure that we have done so in each case, and we will make further amendments if necessary.

Finally, you note that we need to itemize aggregate disbursements to vendors of over \$200 when included in reimbursement payments. We have made some progress on this, as reflected in our amended reports, but we have not completed action on this item. We will be making further amendments to complete this process. We hope to do so by the return date on your last letter, at the end of this week.

Sincerely,

Alan Grayson
Candidate and Assistant Treasurer
